NPB-2004

Nuclear Instrumentation Bin (NIM Bin)

The NPB-2004 (shown with optional NPA-2002 and NPC-2003 NIMs installed) Houses and provides power to Nuclear Instrumentation Modules (NIMs)

Features

- Provides filtered and fused 120 VAC for up to 12 NIM Modules
- EIA-310C standard for 19" wide rack mount
- Nuclear safety qualified per IEEE-323, 1985

Application

- Nuclear safety instrumentation for reactor control or shutdown
